About Phanes Group

Phanes Group is an international solar energy developer, investment manager and asset manager, strategically headquartered in Dubai, UAE. Established in 2012, Phanes Group has a growing portfolio of solar investments and developments spanning multiple geographies, with a distinct focus on emerging markets - especially MENA and sub-Saharan Africa. Phanes Group is currently delivering the Middle East's largest distributed solar project (the DP World Solar Programme) and the largest solar project in the Caribbean (Monte Plata). Cumulatively, the company's clean power contribution is in excess of 70 megawatts, with a further 1.5 GW under development or at the planning stage around the world. In 2016, Phanes Group launched a dedicated asset construction division and broadened its footprint in sub-Saharan Africa with the opening of satellite offices in Nigeria and South Africa.
